pletion. A new and stronger foundation is to replace the present one. It is sixteen years since the "Little Giant of the West" died in Chicago, at the early age of forty-five. He was Attorney-General of Illinois at twenty-two; Secretary of State at twenty-two; Secretary of State at twenty seven; Judge of the Supreme Court at twent-eight; elected to Congress at thirty, and served four years; elected to the United States Senate at thirty-four, and served in that Senate at thirty-four, and served in that body until his death. He is the only person who ever entered upon a third "are like counterfeit money. We cannot him the Senate, served fourteen not hinder their being offered, but we years, and died at the age of forty-five. are not compelled to take them."

Not long since we heard a person, Olive Logan writes some gossip from living not a hundred miles from Warren, London about English servant girls and abusing, in no measured terms, the pretheir ways, which may be interesting vailing style of modern church edifices. to suffering housekeepers on this side of He said, as a general rule, the buildings the water. Ladies in England, she says, have found that when the work in their houses is such that assistance must be terest in the matter except to make had, it is better to keep an "under ser-vant" for the cook (a position even less exalted than the "scullery-maid" in this

sionally. We have no special name for the "charwoman" in America, unless it tion uncalled for. Except that the be the generic term, "a woman," or, to acoustic properties are decidedly bad be Victor Hugoish, the woman who and the light too subdued to examine cleans, Char (pronounced chair) is simp-the apparel of the congregation with that nicety which the occasion seems to in New England, chore, and the charwo-require, and the difficulty of heating and man is merely the woman who does chores. English ladies say she does other and more objectionable things. She drinks, for instance, and finds it necessary to bring a basket with her, which, they think, would be found to be more chart that in vogue fifty or sixty years ago, while we consider the use of stained glass in the windows a decided improvement. weighty leaving (if the matter were tested) than it is when she arrives. Another favorite plan for lightening labor, even with families who are in moderate even with families who are in moderate with a mortification snot on the circumstances, is to keep a "Buttons," a son, with a mortification spot on the useful little urchin, who is forced to top of his bald head, is more unique make himself respectable in appearance than picturesque; and a beautiful by wearing a livery provided for him, the distinguishing feature of which is its plexion which ranges through all the lavishness in the way of buttons. This shades of yellow from a pale straw to a boy is expected to do anything and deep orange, and from whose glowing everything—to clean boots, fetch coal, nose the lurid gleam of the ruby shoots run errands, open the door, assist in forth and mingles with the halo of her waiting at the table, rub up knives and cerulean-tinted hair, would draw a sigh

on the outposts between the heavy cay- delicate subject-so delicate that it is airy in the kitchen in the shape of cook, only in whispers that there is such a and the solid infantry which moves with thing. It is concerning ankles-those regular step through the household's set belonging to ladies, of course, gentle regular step through the household's set round of duties. And whenever the wheels of a household in England are found to creak, additional help in the shape of under-servants is engaged, the matter of the efficiency of the upper servants being of course first satisfactoriservants and course first satisfactoriservants and course first satisfactoriservants and course f ly settled. Here is the very kernel of the nut of the question; this it is which makes "all the difference" between the York and a similar one in London. A family without children, occupying a brown-stone front in New York, will consider that two servants should do all the work of the household, and do it the work of the household, and do it the transfer of the clerk for none at all there was a prospect of her passing the afternoon that way. I could not blame the fellow for she was a beauty, the work of the household, and do it but I was shocked at the abandon of well. I am not speaking of people who the lady. I do not wonder why posilive on the "swell" avenues and keep tions in such stores are desirable and carriages or give frequent balls and par-ties; I mean unpretending people who when there is so much wickedness. It own or rent a nice three or four-story takes me a long while to get at what I house, and want to live with entire com- intend to say, but I have reached it at with servants, and expect to be well waited on. They engage cook and chambermaid—the chambermaid to act also as waitress, both to act as laundered and laundered also as waitress, both to act as laundered and laundered also as waitress, both to act as laundered and laundered also as waitress, both to act as laundered and laundered dresses. High wages are given, and would make him wither. It makes
